

APPOINTMENT POLICY

Our reputation of seeing patients on time is also because our patients arrive early or on time. If you will be late to an appointment, please call and let us know. If more than 1/3 of the appointment would be over by the time you arrive, we will reschedule to another time/day so we can provide complete care.

If specific appointment times and/or days are requested for every appointment (for example: 7:30am, after school, etc), treatment **WILL** go longer. When requests like this are consistent, it will make appointments further apart than necessary. Thus, more time will be needed to complete treatment. I understand my requests for these appointments will result in longer treatment for me or my child.
